ABOUT US

The SingHealth Duke-NUS AMC draws on the collective strengths of SingHealth and Duke-NUS Medical School to provide our patients and community with the best outcomes and experience.

By leveraging the synergies in clinical care, research and education created through our Academic Clinical Programmes, Disease Centres and Joint Institutes, the SingHealth Duke-NUS AMC fosters the exchange of scientific knowledge and clinical perspectives to accelerate innovation and new discoveries, advance the practice of medicine as well as nurture the next generation of healthcare professionals.

SingHealth delivers comprehensive, multidisciplinary and integrated care across a network of acute hospitals, national specialty centres, polyclinics and community hospitals. Offering over 40 clinical specialties, SingHealth is Singapore's largest public healthcare cluster.

Duke-NUS Medical School, Singapore's flagship graduate-entry medical school, nurtures 'Clinician Plus' graduates to become leaders in the global healthcare and biomedical ecosystem, while scientists from its five Signature Research Programmes and ten Centres transform medicine and improve lives in Asia and beyond.

Bright Vision Community Hospital, Sengkang Community Hospital and Outram Community Hospital

Polyclinics:

Bedok, Bukit Merah, Eunos, Marine Parade, Outram, Pasir Ris, Punggol, Sengkang, Tampines, Tampines North (expected completion: 2023) and Kaki Bukit (expected completion: 2026)

About Duke-NUS Medical School

Duke-NUS Medical School is Singapore's flagship graduate entry medical school, established in 2005 with a strategic, government-led partnership between two world-class institutions: Duke University School of Medicine and the National University of Singapore (NUS). Through an innovative curriculum, students at Duke-NUS are nurtured to become multi-faceted 'Clinicians Plus' poised to steer the healthcare and biomedical ecosystem in Singapore and beyond. A leader in ground-breaking research and translational innovation, Duke-NUS has gained international renown through its five Signature Research Programmes and ten Centres. The enduring impact of its discoveries is amplified by its successful Academic Medicine partnership with SingHealth, Singapore's largest healthcare group. This strategic alliance has spawned 15 Academic Clinical Programmes, which harness multi Duke-NUS to harness multi-disciplinary research and education to transform medicine and improve lives.

EDUCATION STATISTICS

Undergraduate Education

SingHealth handles about **43** per cent of the nation's clinical teaching load annually. On an average day, SingHealth provides training to

780
medical students

993
nursing students

146
allied health students

146

Graduate Education

20
new dentistry Residents joined SingHealth in AY22.

As the largest **Sponsoring Institution** for **medical Residency Programmes** in Singapore, SingHealth has:

227
new **medical Residents**
in AY22

1,965
faculty members

915
medical Residents
in training across
33
programmes

20
ACGME-I Accredited
and
13
JCST Accredited
programmes

161
medical Residents
graduated from SingHealth
Residency in AY22

475
medical students
engaged in AY22

30
Chief Residents completed the national Singapore Chief Residency Programme and SingHealth Residency Leadership Programme.

To date, SingHealth Residency has nurtured

189 Chief Residents

Postgraduate & Continuing Education

Oral Health Education

12 unique oral health education programmes were conducted for **205** oral health professionals across **230** sessions

Allied Health Education

5,760 healthcare professionals trained in **105** unique continuing allied health education programme across **232** sessions

Healthcare Administration & Leadership

1,685 healthcare professionals and administrators trained in **21** unique programmes across **73** sessions to develop their competencies

Nursing Education

39,935 nurses trained in more than **30** Unique Continuing Nursing Education programmes across **1,245** sessions
539 nurses from other healthcare clusters attached to SingHealth

Medical Education

360 junior and senior clinicians attended and benefitted from **4** academic and professional development programmes across **13** sessions
466 aspiring clinician-investigators and clinician-innovators participated in the research, innovation, and medical technology seminars and workshops

Technology-Enhanced Learning & Innovation

16,060 healthcare professionals attended more than **100** unique simulation training workshops over **1,153** sessions to hone their clinical and surgical skills

Educators Development

1,499 educators equipped with capabilities through **56** AMEI Education Grand Rounds and workshops
AMEI Education Grant awarded to **12** projects and scholarly efforts to evaluate and improve educational outcomes

Recognising Educational Excellence

61 outstanding educators conferred the AMEI Golden Apple Awards 2022

12 outstanding House Officers and **34** exemplary Medical Officers received the SingHealth Best Junior Doctors Awards 2022

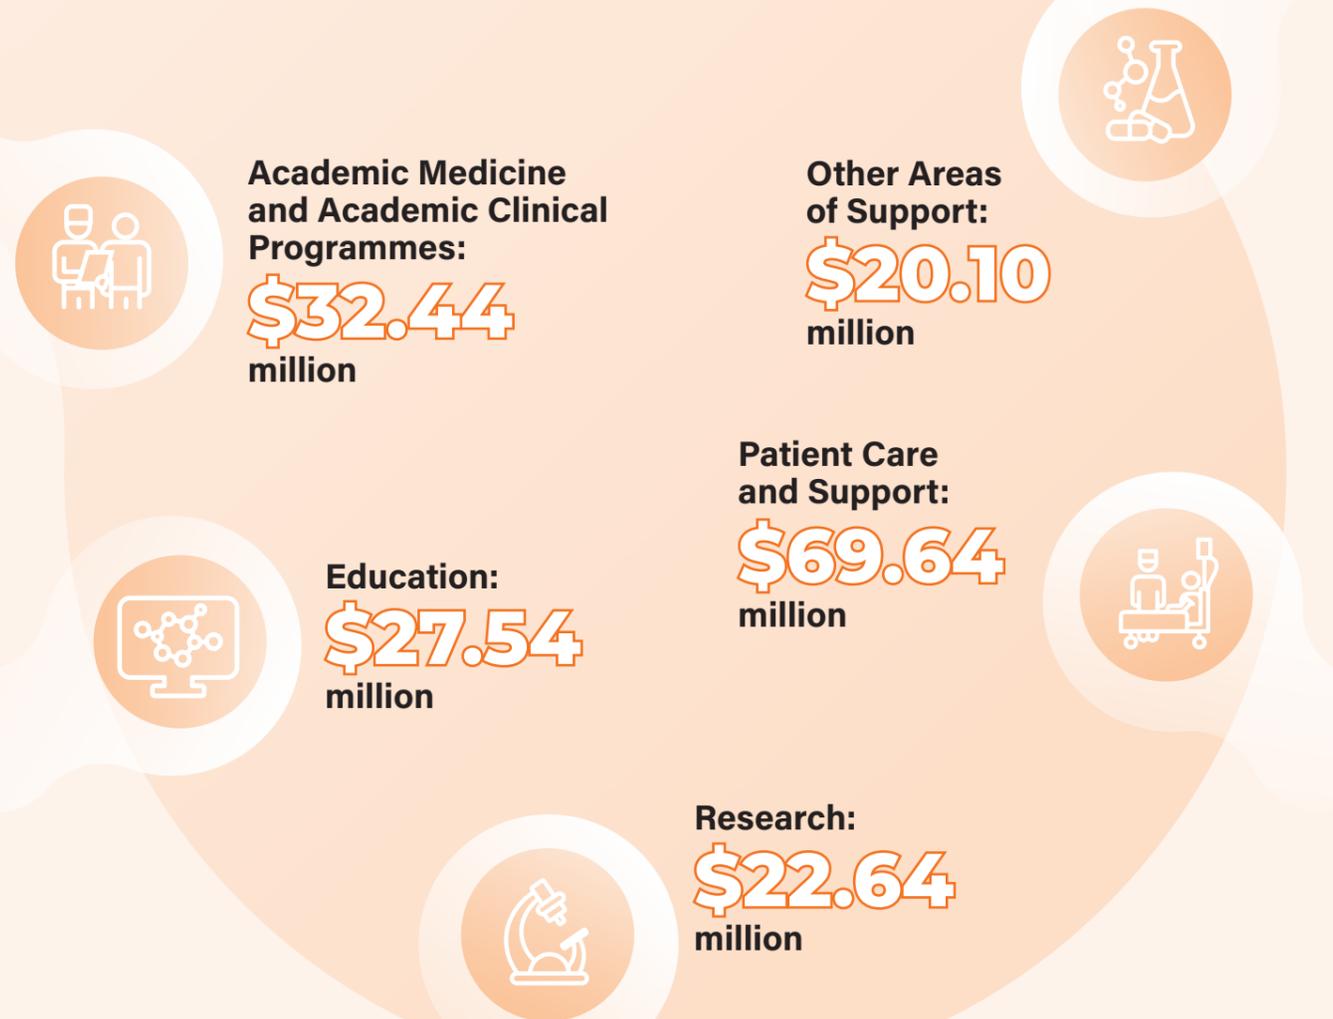

359 outstanding residency faculty and top-performing residents received the Residency in SingHealth Excels! (RiSE) Awards 2022

7 top-performing graduating Duke-NUS students accorded the SingHealth Awards 2022

GIVING STATISTICS

Philanthropic gifts go a long way in supporting the key pillars of research, education, innovation and improvements in clinical care as we pursue academic medicine. Funds raised also support initiatives to boost the well-being and resilience of caregivers and healthcare workers, which enable them to better care for the sick and the afflicted.

Donations in FY2022: \$172.36 million
